

### **Checklist for DON or Assistant DON Working Remotely with RD**

**Weekly or as needed, please be prepared to discuss the following via call/video:**

- Weight/weighing process challenges
- Tube feeding/TPN and supply challenges
- Residents needing priority assessments (with new nutritional issues) - Covid + or suspect, significant weight loss, poor intake, acute condition, tube feeding, swallowing issues, etc.
- Residents needing an RD to call them (set up call time through nursing)
- Notification of the MD for significant weight changes and RD Recommendations
- Any issues with in-room dining or other food/nutrition services processes
- Confirm date/time of Nutrition Risk Meeting for the week

### **Checklist for SLP Working Remotely with RD**

**Weekly or as needed, please be prepared to discuss the following via call/video:**

- Any new residents with swallowing issues and/or being transitioned off of tube feedings
- Any concerns with IDDSI or other texture/liquid modification compliance
- Any issues with in-room dining or other food/nutrition services processes
